# Commission's Charge

“The Commission shall study and make recommendations to establish funding goals and funding mechanisms to provide equitable access to high-quality early childhood education and care services for all children birth to age five and advise the Governor in planning and implementing these recommendations.”

# The Commission is focusing specifically on the Early Childhood Education & Care system

- ECEC includes:*
- Home visiting
  - Early learning and care
  - Infrastructure for these services

# Commission's Guiding Principles

These Guiding Principles reflect the Commission's values and beliefs, guide how it operates, and lay a foundation for decision-making.

## High Quality ECEC is a Public Priority

- It should be invested in as such as this is critical to our State's workforce, economy, and welfare of its residents.

## Promote Equity

- We will endorse a system that promotes equitable outcomes for children, with intentional focus on race, ethnicity, culture, language, income, children's individual needs, and geography.

## Embrace Bold System-Level Changes

- Everything is on the table, including how funding flows, how funding decisions are made, and who makes them, to better serve all children and families.

## Build Upon the Solid Foundation

- We will build upon the successes of Illinois' past and current system, its commitment to a prenatal to five system, the lessons from other states, and the expertise and research in the field.

## Prioritize Family Perspectives, Needs, and Choices

- We will prioritize families' perspectives, needs, and choices as we make recommendations to improve the system.

## Design for Stability and Sustainability

- We recognize our system must provide funding stability for providers, educators, and staff across mixed delivery settings to better serve families. System must embrace flexibility to respond to changing circumstances and family needs, and must possess the human and technical capacity to do so.

## Require System Transparency, Efficiency, and Accountability

- We see these as necessary conditions for all stakeholders, funding distributors, and funding recipients for any future ECEC funding structure.

## Recognize Implementation Realities

- We will plan for meaningful change over a multi-year time horizon. We will respond to disruptions in the system to meet the reality of changing needs.

*Initial Conclusions: A Centralized ECEC System*

# Initial Conclusion: A new system of funding

## Centralized System of Funding

**Funding managed upstream** at the state agency level and allocated through a **new, centralized process of funding distributions**

## Funding Distribution & Allocation Mechanisms

**Equity-informed per-child or per-classroom formulas** for education & care and home visiting services  
**Targeted, equity-informed grants** for capacity & infrastructure and start-up & incubation  
**Minimize reimbursement-based and delayed funding**

## Funding Eligibility & Disbursal

**Targeted, equity-informed RFP** process for new providers to be eligible for state funding  
**Multi-year service contracts** for returning providers, with reauthorization based on uniform accountability standards

# Initial Conclusion: ECEC management & oversight in one agency

---

- **Centralization of ECEC management & oversight** has greater potential to fulfill the capacities of a successful management & oversight system than coordination across multiple state agencies.
- Having **ECEC centralized enables deeper collaboration** across other areas of the early childhood ecosystem, public and private

# What is behind the M&O recommendation to centralize rather than coordinate general ECEC?

## **POLICY LEADERSHIP**

WE NEED ONE VISION,  
ONE SET OF QUALITY  
STANDARDS, ONE  
AUTHORITY FOR  
PROVIDERS

## **FUNDING & OVERSIGHT**

WE NEED SIMPLIFIED,  
STREAMLINED FUNDING  
ALLOCATION AND  
DISTRIBUTION

## **INFRASTRUCTURE**

WE NEED SYSTEMWIDE  
DATA AND UNIFIED  
EFFORTS ON  
WORKFORCE  
DEVELOPMENT AND  
QUALITY IMPROVEMENT

## **COMMUNICATIONS**

WE NEED A CLEAR,  
UNIFIED ABILITY TO  
LISTEN AND ENGAGE

# These **programs** could be part of one centralized ECEC system

1. Early Childhood Block Grant
2. Child Care Assistance Program
3. Home Visiting
4. Head Start Collaboration Office
5. Early Childhood Special Education
6. Early Intervention
7. Licensing

# These **funding sources** could be administered by an ECEC agency in a centralized process

Currently  
ISBE

Currently  
IDHS

Would not  
move

# These **funding distributions** could be the new services that are funded

Services above the line could be part of the ECEC agency's centralized funding distribution process to existing & potential ECEC providers

Supports below the line are envisioned as part of the agency's budget to conduct all management & oversight capacities

# Centralizing funding sources upstream could mean...

---

- Changing the **use designation of state general revenue and certain federal funds** for some or all of ECBG, CCAP, PTS, HFI, EI
- Providing those state general revenue and federal dollars to the ECEC agency to **distribute in a new, centralized system**

# An example ...

\*could be weighted for age of children, level of service, need designation, region, etc.

# As a reminder, some of the problems we hope a new system will address include:

**INEQUITABLE ACCESS** TO HIGH QUALITY SERVICES, ESPECIALLY RACE, ETHNICITY, GEOGRAPHY, & AGE

**CHALLENGES FOR FAMILIES** TO NAVIGATE THE SYSTEM

**INSTABILITY OF FUNDING** FOR PROVIDERS

**INSUFFICIENT DATA** TO INFORM EQUITABLE DECISION MAKING AND FUNDING

DISAGGREGATED **ACCOUNTABILITY AND DECISION MAKING**

**INADEQUATE FUNDING**, INCLUDING WORKFORCE COMPENSATION

# Why your input matters right now

---

Provide **feedback on direction** before the funding mechanism and management & oversight working groups conclude

Inform the **technical working group's** priorities

# In your breakout groups, answer these questions

---

What gives you **hope** about this possible system?

What **concerns** you about this possible system?

What questions and issues should be **further explored**?

---

*Commission Planning through January 2021*

# Priorities through year-end

---

As we shift from research and analysis into decision-making, our **priorities for the second half of the Commission's year** of work are to:

Solidify **recommendations** with the feedback from the racial equity impact and technical working groups

Thoroughly engage **key stakeholders** for feedback

# Commission Timeline

The Commission will deliver its report by January 2021 with consideration to the Governor's budget address and legislative session timing.

# Scope of our Final Deliverable

## What it is

- ✓ Strategic blueprint for the future system
- ✓ Detailed enough to inform a legislative package
- ✓ Thoughtful on major implementation issues
- ✓ Directional understanding of future system costs

## What it is not

- ✗ Detailed implementation plan for future system
- ✗ Bill language
- ✗ Detailed enough to inform administrative code
- ✗ Summation of unique individual provider costs

# Commission Meeting Planning

September  
2020

- Discuss the Commission's collective set of draft recommendations
- Identify areas of question, concern, and need for more information

October  
2020

- Review finalized funding adequacy outcomes
- Engage with national expert panel on draft recommendations
- Identify additional areas for inquiry on draft recommendations

November  
2020

- Receive recommendations from Racial Equity Working Group
- Discuss areas for revision of draft recommendations

December  
2020

- Receive recommendations from Technical Working Group
- Review finalized outline of Commission recommendations
- Formal Commissioner sign-on to recommendations

January  
2021

- Consensus on the Commission's Final Report and follow-on needs
- Send recommendations to the Governor

# Call to Action & Governor's Support

---

"Illinois will become the best state in the nation for families raising young children."

- *JB Pritzker, Illinois Governor*

"On behalf of the Governor's Office, we want to thank you for the tremendous amount of work that has been done to develop this comprehensive Prenatal to Three Agenda. As you know, the Governor has long been a champion for investment in the infant / toddler years. All of us in the administration are committed to building a better system of support: from prenatal to pediatric health care, to family economic security, to high quality childcare and home visiting. We can and must do better for families in Illinois, especially those families and communities that have been furthest from opportunity. "

- *Statement from Jesse Ruiz & Theresa Hawley*

# Problem to Solve

Source: IPP Report 2019

Gold & Silver Rated Providers 0-2

- The science is clear that **the first three years of life are the most critical** for development, setting a child up for lifelong success, or lifelong challenges.
- Infants and toddlers see the **greatest disparities** in funding. Our children are shortchanged **exactly when the potential benefit is greatest.**

In Illinois, the impacts of this crisis are acute:

- **Only 25% of infants and toddlers have access to licensed child care**, with many communities experiencing access rates of less than 10%.
- **Only 5% of infants and toddlers have access to high-quality care**, in ExceleRate Gold Circle of Quality rated programs.

# PN3 Agenda & Coalition

---

- Last fiscal year, we convened a broad group of 100+ diverse stakeholders to create a **bold, ambitious PN3 Agenda** for Illinois.
- The vision is to **close the opportunity gap with our earliest learners** so that every expecting family and child in Illinois has the care and learning they need during their most formative years to create the strongest foundation for success in life.
- PN3 Coalition is the **collective effort** to implement the PN3 Agenda.
- We are part of a **national movement** of 15 states funded by Pritzker Children's Initiative (PCI) to move PN3 work forward.
- The Ounce of Prevention Fund, together with the Governor's Office of Early Childhood Development (GOECD) will lead the PN3 Coalition as a **public – private partnership**.

# PN3 Agenda Goals & Strategies

The Agenda has 4 goals areas, 8 strategies and many objectives for advancing PN3 care and learning in Illinois.

Healthy Parents & Babies

High-Quality Early Learning

Economically Secure Families

Strong Infrastructure

# Initial Wins & Progress to Date

---

- In March, we conducted a **survey of 100+ leaders** in the PN3 space to begin to gauge their interest and capacity in components of the PN3 Agenda.
- In the survey analysis, we saw a **diverse array** of organizations that clearly saw themselves contributing to work across our strategies and goal areas.
- We convened a short-term **Advisory Group** to reflect on this data and guide us in thinking through implementation strategy.
- This group, together with our funders, partners, and PCI connections, helped to **co-create the structure and governance** of our Coalition as well as member roles and responsibilities.

# Framework for Roles

---

Our survey reflected a wide array of organizations that clearly saw themselves contributing to work across the Agenda.

**We believe facilitating the contribution of a diverse array of contributing organizations is the most important aspect of leading in the PN3 Coalition.**

Our criteria for defining a lead facilitating organization:

- *Accountability* for meeting PN3 Agenda objectives
- Ability to *facilitate contributions* from a diverse array of contributors
- Track record of *demonstrated impact* in the focus area
- Sufficient *capacity* in financial and human resources.

# Key Areas of Need

---

In order to enact the PN3 Agenda, we must:

- **Policy Implementation**

*Enact* the policy agenda through policy and practice change, advocacy, and expansion of services.

- **Family & Beneficiary Voice**

*Ensure* inclusion of family and beneficiary voice.

- **Communications**

*Build* the public awareness necessary for a strong PN3 Coalition and increased investment in this area.

- **Data**

*Vet* baseline data numbers, track progress to objective using impact data.

# Coalition Structure

## Contributing Organizations:

- Regularly participate and commit significant effort in service of this initiative.

## On-the-Ground Champions:

- Provide assistance as able, sign-on to and vocalize support

## Lead is responsible for:

- *Facilitating Contributions*: Holding this strand of work and facilitating a unified effort among all contributing members.
- *Policy Implementation* – Enact the policy agenda to meet our objectives.
- *Family Voice* – Inclusion of family and beneficiary voice.

## Communications Committee:

- Each work group will have Communication Committee members to *build public awareness and investment*.
- They will work together across the Agenda to ensure *clear, unified messaging*.

## Data Committee:

- Each work group will have a Data Committee member to *vet baseline data and track progress to objective using impact data*.

# PN3 Coalition Structure

Communications Committee

Data Committee

# PN3 Alignment with State Initiatives

---

- The **Funding Commission's** work in adequate funding and cohesive governance moves forward a critical set of objectives from the PN3 Agenda. In this area of overlap, both initiatives move forward together.
- As we operationalize the Funding Commission recommendations and the PN3 Agenda, the **Funding Coalition** and the PN3 Coalition have committed to leveraging combined support and avoiding duplicative efforts.
- The PN3 Coalition is co-led with the Governor's Office of Early Childhood Development. The PN3 Agenda has been aligned with the **GOECD Strategic Plan for the Preschool Development Grant B5.**
- Each of the GOECD PDG B5 strategic goals in the focus areas of Access, Coordination, Quality, and Workforce align directly with PN3 Agenda objectives. This enables us to coordinate efforts to track and report on progress in implementation.

# Closing Thoughts

---

- The **Funding Commission's** work in adequate funding and cohesive governance is foundational for the successful implementation of the PN3 Agenda.
- We know that the **disparities are greatest in the most formative years of a child's life**, prenatal to three.
- As the Funding Commission finalizes recommendations and begins implementation, we are grateful to you for your **focus on infants and toddlers**, specifically, within the broader spectrums of 0-5 and 0-12.
- Thank you to those engaged in the PN3 Coalition. Should you want to connect with this work, please email Simone Santiago at [ssantiago@theounce.org](mailto:ssantiago@theounce.org).

## Governor's Early Childhood Funding Commission

In December 2019, the Governor established the Illinois Commission on Equitable Early Childhood Education and Care Funding ("Early Childhood Funding Commission"). The Commission shall study and make recommendations to establish funding goals and funding mechanisms to provide equitable access to high-quality early childhood education and care services for all children birth to age five and advise the Governor in planning and implementing these recommendations. The Commission will submit these recommendations to the Governor on or before January 15, 2021.
