

# BECAUSE OF YOU

Your adaptability  
Your perseverance  
Your care

## A LOOK BACK AT WHAT YOU ACCOMPLISHED IN 2020

### RESTORE ILLINOIS PHASES 1 & 2

3,000 child care providers across the State reopened under emergency licenses to serve the children of essential workers.

### RESTORE ILLINOIS PHASES 3 & 4

All child care providers who reopened completely adapted their programs (new intake procedures, temperature checks, staffing policies, PPE planning), safely providing care to children and allowing parents to return to work.

### HOME VISITING & EARLY INTERVENTION

Home Visiting and Early Intervention providers quickly mobilized to support families virtually and then again in-person, adapting to the ever-changing conditions of the pandemic.

### CHILDREN SUPPORTED

Because of your commitment to caring for children and families, our youngest learners were socially, emotionally, cognitively, physically, and linguistically supported during the most critical time in their development.

# ILLINOIS THANKS YOU!
